## Star Lovers

This report is designed exclusively for love relationships. The interpretation for Demi and Ashton uses a technique called 'Synastry' which is the branch of astrology dealing with relationships.

It should be pointed out that even the most unlikely love relationship can be made to work if both parties are prepared to put in the effort required. However, there are almost always some adjustments and compromises to be made in any relationship where there are two separate individuals with wills and personalities of their own.

Interpreting a relationship between two people is a complex business. A good analogy to this type of astrological assessment is the way you view a statue. Looking at a statue from the front gives you an idea of what it looks like from a single dimension. It is only by walking around it and viewing it from various points that you begin to see it as a multi-dimensional creation. This is when we can start to understand more about its total composition, what makes it what it is. So it is with the astrological assessment of a partnership.

This Star Lovers report is divided into two distinct sections, each one examining the relationship from a different vantage point:

### Part One - Relationship Potential

This section provides overviews of both Demi and Ashton. It examines your relationship potential as individuals, and investigates what each of you needs and expects from a partnership, as well as from a romantic and sexual relationship.

### Part Two - Relationship Compatibility

This section looks at how each of you perceives and experiences the other, examining the strengths and weaknesses of the relationship and pinpointing potential problems.

Each connection is given a Star Rating from one to five to show their relative importance. To the right of each pair of symbols, denoting the connection, is a group of five stars ★☆☆☆☆, the more dark stars there are the more important the connection. The keys for the planets and the other symbols and terms used are given at the back of the report.

## Part 1 - Demi 's Relationship Potential

An astrological chart is divided into 12 'houses' each of which represents a different sphere of human life. The 5th, 7th, and 8th houses are concerned with relationship potential. Although these houses also have other meanings, here they are defined and interpreted as Demi 's love relationships (5th), Demi 's partnerships (7th) and Demi 's sexual relationships (8th).

### Demi 's Love Relationships

The 5th house describes romance and courtship: the qualities you seek in a lover and in a love relationship. You may be attracted to different types of lovers who possess one or more of these qualities, but you are most likely to find true happiness with the one person who combines most or all of them.

#### 5th House Cusp

##### **Touchy, feely lover**

You need to be in the right mood for sex so cuddles and caresses are important, before and after making love. Your love life can be emotionally intense and you become deeply involved. You are extremely sensitive but when it comes to matters of the heart, that won't stop you from making the first move.

In fact, you can even come across as pushy when it comes to expressing your feelings and getting your deeper needs met. Love and romance is never straightforward with you, since your moods and feelings are susceptible to great change and so your love life can be an emotional roller coaster where you're drowning in your own tears one moment and on top of the world the next; madly, deeply in love.

Since you can be overtly protective of your lover, you need to be careful not to be too touchy or resentful if they don't always let you get your own way, or if they're unable to cope with your emotional intensity and occasional moods. Your desire to nurture and be nurtured intimately in return could find you drawn to affairs with lovers much younger or older, wealthier or poorer, than yourself.

You're drawn to people who are motherly, protective and sensitive to your emotional needs. They may seem tough but in reality, are vulnerable, so be kind to them. Eating will be an important activity, probably at home, not in fancy restaurants.

#### in 5th House

##### **Hot to trot**

Proud, passionate and dramatic when it comes to matters of the heart, your love life is the stuff of soap operas. You like to take the lead and be the dominant one, both in, and out, of the bedroom. You're never short of admirers and your prowess between the sheets keeps them coming back for more, but competitive demands and your voracious appetite may make it difficult for you to remain faithful forever.

You treat your lovers well and will often demonstrate your affection in extravagant and expensive ways. However, since you take a lot of pride in your lover and your romantic escapades, woe betide anyone who takes your love for granted because, once your pride is hurt, you can sever a tie completely, no matter how much it may hurt you to do so.

You want someone who is romantic and will help set the stage with candlelight and flowers. You may often have to express appreciation to keep the gifts coming - but this is a very small price to pay for so much royal pleasure.

### **The price of love**

Your romantic life and ability to express your feelings of love and affection are intimately connected with your feelings of self-worth and self-esteem. It is important for you that your lovers share your values, but you need to guard against being too superficial and the tendency to treat your lovers as possessions, or trophies.

Since your lovers have the potential to greatly influence your emotional and financial security, these areas of your life should be given special consideration as they can reflect the healthiness of a particular romance.

There will be a definite connection between your feelings of self-worth and your romantic status, or you may try to place your own values upon your lover. You may also maintain your integrity by treating on dates, or occasionally sharing expenses.

♂ in 5th House

### **Steamy windows**

It's unlikely you'll ever have a need for Viagra. For you, love and sex go hand-in-hand. You've an impulsive, even compulsive, desire for sensual indulgence and at times you may lack discrimination or foresight and get yourself in hot water. A little too honest or direct for some, your desire to get too intimate too soon could blow up in your face and lead to quarrels if you feel your needs are being thwarted or frustrated.

Physical, vigorous and extremely passionate, you may leave a trail of burned out lovers unable to satisfy your voracious appetite for human flesh. While you tend to be the initiator, and even pushy, you're at your best with someone feisty enough to push back, because when the sparks fly the chemistry between you can be really magical.

Action is a keyword in your romances. The form of this action takes depends on just how much excitement you crave.

## Demi 's Partnerships

The 7th house describes marital partners and other close, one-to-one relationships. Courtship (5th house) can lead to partnership, but the 7th house assumes a close, constant contact so it is more difficult to escape potential problems. For that reason, they are more fully addressed here.

When Demi 's love affair shifts to a partnership the emphasis of her relationship changes, according to characteristics described by the signs and planets of the 7th house, as well as the position of the house ruler, outlined below.

### 7th House Cusp

#### **The lady and the tramp**

Beautiful dreamers like you need a partner who has their feet on the ground and who can provide the ballast you need to make your dreams a reality. When it comes to relationships, you can be a real perfectionist, so you need to avoid situations where you and your partner are given free rein to be too critical of each other. You're drawn to individuals who appear to be hardworking and efficient; individuals who often demonstrate an attention to detail that extends to a concern for a healthy diet and virtuous lifestyle. Basically, someone who can look after the humdrum of everyday life.

Your partner will probably put you on a pedestal, and may even be willing to be of service. In part, it's your partner's job to look after the small print, that's why you chose them, but if they can't see it that way, or would rather use it as a way of controlling you by managing your life and your affairs, or use it as an excuse to become critical, then maybe you need to look elsewhere. The acid test is whether they continually burst your bubbles, mock your dreams and ideas as being too impractical or unrealistic, or whether they pull out all the stops to help you achieve the impossible.

Because you can see the beauty in people that others miss, you will become involved with individuals from different cultural, social and political backgrounds than your own. This will only be problematic if you highlight your differences rather than what unites you. It is important for you, and your partner, to strike a balance between your dreams and reality; which is what your ideal relationship should offer. A nagging hypochondriac with no imagination will only make you unhappy and unfulfilled.

You want a partner who is proper and flawless, but when imperfections arise, one of you may become critical. If, however, you work together to maintain an orderly existence and plan a wholesome diet, less important annoyances may be overlooked.

 in 7th House

### **Tarzan and Jane**

While you may present a dynamic, competitive and even aggressive face to the world, when it comes to your more intimate one-to-one relationships, your usual approach is often one of charm, compromise and co-operation. When it comes to relationships, persuasion rather than pressure is the key, and the more you like the other person, the more charming and persuasive you can be. However, you're no soft touch; rather you're both friendly and firm.

Your opposite number is extremely important to you and you prefer the company of attractive individuals who have social grace and charm. You also like artistic types and those who can bring beauty and harmony into your life. Away from the world, when you can stop fighting for your daily bread, you need love and romance more than most to keep you on an even keel. Others find your rugged individualism rather attractive so, when people get to know you, they may well be surprised to find out just how sentimental you can be and how important it is for you to share your hopes and dreams with someone who understands you.

Others may not be aware of the importance of relationships to you and how essential it is for you to have peace and harmony with the people who matter most to you. The notion that 'opposites attract' applies to you, and your partners, much more than it does to most people. Problems can arise when you have a partner who tries to second-guess you all the time. Because of your assertive nature, you may attract people who will do anything to keep the peace, thereby avoiding direct confrontation, but who use indirect means, charm and flattery to get you to do their bidding.

Try not to be too pushy, or take your opposite number for granted, however easy they may make it for you. You may need to avoid a situation where your partner is continually falling on their sword for you, because if they would rather keep the peace, at all costs, then your relationship may remain on a superficial level. Taking risks in a relationship is important if you are ever going to learn to trust each other, because, when you can be vulnerable and yet feel that bond of trust, then you are on the path to getting your deeper needs met and thereby enriching the relationship.

Partnerships are important. You prefer to share ideas and experiences rather than be alone. Peace and harmony are essential in relationships so you will avoid head-on confrontations. The indirect method of self-assertion is more acceptable.

♏ in 7th House

### **Beauty and the beast**

Since you are very tactile and sensual when it comes to your personal relationships and encounters, you need someone with whom you can be very up close and personal. You want deep, meaningful companionship, loyalty and sex - and lots of it. In fact, sex could well be a source of conflict; although there may be times when it is the one thing you have in common, providing the glue that keeps you together. Either way, issues of sex, intimacy, power or trust will have to be dealt with in your close personal relationships.

Since sex is so important, and you are not easily swayed, when you do start something, you will often stay and work at a bad relationship rather than end it. Therefore, the times when endings are inevitable often bring about deep-rooted change in your life. In fact, it is through your relationships and the important people in your life that you experience periods of rebirth and renaissance. Your partner often acts as an agent for change and transformation in your life. You are drawn to individuals who are intense, charismatic, powerful and somewhat secretive. Individuals who may be cool and aloof at first meeting, but deep, dark, mysterious and occasionally dangerous when you do get up close and personal.

Your opposite number may also make a good business partner and vice versa, since your sensual nature will attract passionate individuals to you. Manipulation can take place where money and sex are concerned. At your best you make a loyal, deeply committed and intimate partner. Learning to trust, and be trusted, is important if your relationships are to grow and develop outside of the bedroom, but in the process, you may have to deal with your own, and others' jealousy, possessiveness and suspicion.

Privacy versus togetherness will be an issue in partnerships. Because time together is so concentrated, you or your partner periodically needs some space. Possessiveness can arise, but with it comes great loyalty, which perhaps is compensation.

7th House Ruler ♀ in 8th House

### **All or nothing**

You are drawn into intense one-to-one relationships in which you sometimes push each other to the limits, especially in the area of intimacy. Nevertheless, you may need to learn to trust one another to avoid energy draining power struggles. Your partners are also likely to be there for you in times of crises, so it is often during the periods of greatest personal transformation in your life that your deepest attachments are formed.

Whether you like it or not you are blessed with sex appeal and you're also likely to find your partners trust you so much they let you greatly influence the control of their purse strings. On another level, sexual compatibility is very important for you when it comes to relationships and you may, sometimes, get involved with individuals where a great sex life is all you have in common.

The sharing of resources (sexual or otherwise) is important in close one-to-one relationships. You also rarely accept a partnership at face value. You'll probe deeply to determine hidden meanings and broader implications of interactions in this area.

No Planets in 7th House

**Take it or leave it**

While relationships are important to you, they are not the be all and end all for you, nor do they occupy as much of your time and energy as they do for some. Your relationships are subject to periodic change and upheaval but your real priorities are often elsewhere. You may find that the responsibilities and commitments of relationships often takes you away from the activities that you find meaningful and so, while you'll put up with occasional disruption in this area of your life, when they eventually settle down you're usually keen to get on with other things.

This does not mean that you will never marry, nor have a close one-to-one relationship. In fact, your demands are less complex than most, so you won't expect as much of a partner and it may be easier to get along with yourself.

## Demi 's Sexual Relationships

In the context of a relationship, the 8th house can represent shared resources, partner's resources, or sex. Here it is treated solely as the house of sex. The signs and planets in the 8th house and the position of the 8th house ruler are used to determine Demi 's sexual needs and the characteristics of her sexual partners.

Since sexual activity can be an ingredient in both love affairs (5th house) and partnerships (7th house), you must decide which category your relationship belongs to and combine the relevant definitions. If the relationship is purely sexual, you can ignore the 5th and 7th houses.

### 8th House Cusp

#### **Forbidden fruit**

You've an all or nothing attitude to sex. You have deep, powerful and tempestuous instincts. If your sexual appetite is thwarted or frustrated this can leave you feeling undermined, making you feel vulnerable or, alternatively, prone to explosive outbursts. At times you may engage in compulsive and deep-rooted sexual conduct and therefore come on as too intense and lustful for some. You're drawn to all that is mysterious, forbidden and taboo and may be too secretive about your sexual activity, leading others to surmise there may be something clandestine going on.

Secretiveness, intrigue, or even deception about your needs, may make others suspicious. By concealing your real interests you may make it difficult for anyone to trust you. Openness is important for mutual trust to grow and develop. When you see someone you want you will move heaven and earth to get hold of them. You express your desires with force and directness and your tendency to emotional outbursts make you difficult to refuse.

You may therefore feel that, once you've got someone 'one-to-one', you can get what you want from them. There is also a sense of urgency to your desires that adds even more to your intensity - as if you must have it all and you must have it now. Compulsive and charismatic where emotional needs are concerned, try not to get involved in power struggles or emotional blackmail.

Sexuality will undoubtedly be of importance in your life. Passion is connected with this area and you are not interested in noncommittal partners. You may sometimes equate regenerative or transformational powers with sexual matters.

### in 8th House

#### **Recreational sex**

Enthusiastic, frank and open when it comes to sex, you like variety and adventure in the bedroom since if things start to get stale and your partner stops making your toes curl, your apt to be off in search of some other sexual target. You're quite fortunate when it comes to sexual escapes and adventures.

You find it relatively easy to express your needs for intimacy when up close and personal and to get those needs met. Somehow you know it'll all work out and so tend to adopt a happy-go-lucky approach to your sex life. Not that it's always a smooth ride emotionally since you have a tendency too have too many irons in the fire and spread yourself too thin sexually.

Your direction in sexuality may follow one of two different courses. You may view sex with a kind of reverence or else you may consider it merely a form of recreation. For the greatest kind of satisfaction, you should combine the two attitudes.

### **Sexual healing or a slave to sex**

Whether your work involves dealing with issues of intimacy, secrets, death or other people's money, your workplace could in some way be involved with sex. Whether you work in the sex industry, or whether your colleagues become your lovers, somehow sex is connected with your work and day-to-day routine. You may find that you need sex on a regular daily basis, like some people need their daily constitutional, to help you discharge tension and rejuvenate yourself.

However, problems in your sex life, but more pointedly, difficulties around issues of trust and intimacy with your sexual partner, could have detrimental effects on your health. Any psychosomatic illness may well be traced back to difficulties in your bedroom. A good sex life is important for your physical and psychological well-being and you'll find that the healthier, and fitter you are, the more you get out of your sex life.

At some point you may actually feel you are at the mercy of your desires, like a slave to sex, doing whatever is necessary to give priority to this deep need within you. However, at your best, you see sex as a means through which you can give unselfishly of yourself to another.

You are fussy about a sexual partner and may ask for a complete biography before you become involved. But once involved, you'll probably fall into a set routine because you feel most secure when you know what you can expect.

♁ in 8th House

### **Where angels fear to tread**

Regardless of what is happening in other areas of your life, your emotional life is unlikely to be a simple bed of roses. Your personal life is subject to periods of great personal change and transformation, as if a new you is periodically reborn after a period of deep emotional turmoil. You have such powerful feelings and deep emotions and take the more intimate side of your relationships very seriously.

Sex for you is such an intense and all consuming experience, at times you may prefer abstinence than be sent shuttling off on another emotional roller coaster. But a quiet emotional life is not for you. At times you can be almost possessed by your desires and develop compulsive and obsessive sexual way of behaving. Sexual activity is one of the ways for you to deal with stress but your insatiable appetite can get the better of you and you may lack discretion in your choice of partner and sexual activity, leaving a trail of burnt out lovers behind you in your desire to fill the deep need within.

It's not so much that you're a nymphomaniac; rather something in you is drawn to the primal quality in which an intimate union transcends personal limitations and somehow enables you to connect with something deep and profound. As such sex and intimacy are but a means to an end. Because you yearn to live at such a deep level, you take the risks and reap the rewards of deeply trusting and intimate relationships. You are also proud of your conquests and regularly renew yourself through intimate sexual activity.

You want recognition in the area of sexual activity and will be drawn to sexual partners who are overtly appreciative of you. Or perhaps you want someone with a forceful character because you equate this with sexual prowess.

♀ in 8th House

### **One-track mind**

Sex occupies a lot of your thinking time and it's probably your preferred topic of conversation. You may even get pleasure from reading or writing erotic literature while sex and secrets arouse the voyeur within you. Adolescent sexual activity is likely to strongly influence your attitude towards sexuality. You may like to rehearse and replay your love making escapades over and over again in your mind.

Sometimes it might be better to keep certain thoughts to yourself since your candid approach to matters intimate can give a misleading impression about what you are really like up close and personal. Nevertheless it is important that you have a verbal as well as a physical rapport with your sexual partners, since talking about sex can get you very excited indeed.

You want to communicate with your sexual partners verbally as well as physically and, for you, conversation is a necessary prelude to sexual activities. Another possibility is simply that you enjoy deep discussions about sexual matters.

♀ in 8th House

### **Sexual magnetism**

You're fascinated by sex and all that is dark, deep and mysterious. Loving and romantic, the sexual side of your relationships are very intense but you need to be careful not to let unbridled sensuality and lust get you in hot water. Whether you know it or not, you emanate a certain sex appeal and may find that your seductive charms can open doors for you quicker than your blood, sweat and tears. And so while sex can be used as a way of manipulating others and getting your way, you need to be mindful not to make promises you won't deliver.

You're blessed with a gift for being able to respond to others in such a way as to make them feel relaxed in your company and therefore easier for them to loose their inhibitions, and there clothes. At your best you are aware of the transformative power of love and its ability to help you, and those important to you, through your periods of great personal change and upheaval.

Affection may be expressed through sex and, if you have a romantic involvement with your sexual partner, your pleasure will be greater. Be careful that the desire for enjoyment here does not blind you to the more serious side of this area.

♁ in 8th House

### **Sexual healing**

At times of crisis and emotional upheaval you may seek solace through sex. This can be tricky area for you since you can sometimes give yourself away too easily too soon. You are extremely sensitive to the deeper and darker needs of others so try to keep a little of yourself in reserve otherwise less scrupulous individuals may be tempted to take advantage and confuse and deceive you.

Something deep within you seeks to break the boundaries that separate us and you have an almost insatiable longing to do this through the intimate sexual exchange and orgasmic fusion with another. While you long to loose and abandon yourself through sexual union, merging with the great beyond in the process, you need to be mindful not to use sex and intimacy as an escape from reality.

Otherwise promiscuity, indiscretion and too much emphasis on the sexual act itself will only serve to undermine your grip on reality and set you on a course of one sexual relationship after another in search of an ever elusive ideal. At your best you have the ability to help and heal others through a deep and intimate exchange where sex borders on a spiritual experience, enabling you to renew and invigorate not only yourself but your lover in the process.

Because of your very rich and erotic imagination you may find playing out your sexual fantasy not only helps to strengthen the bond between you and your lover, it also leads to fantastic sex.

You may feel that you are often taken advantage of in sexual relationships. Unless you enjoy suffering here, which may be the case, use your intuition to select a sexual lover with whom you can strive for spiritual union and perfection.

## Ashton's Love Relationships

The 5th house describes romance and courtship: the qualities you seek in a lover and in a love relationship. You may be attracted to different types of lovers who possess one or more of these qualities, but you are most likely to find true happiness with the one person who combines most or all of them.

### 5th House Cusp

#### **Sex slave**

Often, at the beginning of a love affair, or when you're feeling unsure, you may sacrifice spontaneity for the security of knowing where you are going on a date, and how you are going to spend each and every minute. Taken to extremes, sexual intercourse may feel more like a medical examination than an expression of mutual love!

You also need to make sure you don't let your critical eye prevent you from letting love into your heart. However, when you do find your groove with a lover, you take an inordinate interest in doing every little thing just perfectly. You'll notice the details, find your lover's erogenous zones and then go about discovering how, and when, to make their toes curl with delight.

In fact, you often gravitate to a position of servitude, whereby satisfying the needs and desires of your lover becomes a source of great pleasure for you. Of course you need to avoid becoming a doormat, or going on automatic pilot, where concentration on technique leaves little room for love to work its magic.

Your lover will be practical and well ordered. There may not be a great deal of spontaneity in your love relationship, but there is a sense of security in knowing where you are going on a date, and how you are going to spend each minute.

### in 5th House

#### **Smooth operator**

Charming, attentive and with impeccable manners, you are generous to a fault when it comes to showing your affection. By nature you are friendly, sociable and prone to flattery that makes others feel better about themselves; all of which makes it easier for you to get your own way. This can be your Achilles heel when it comes to love.

On one level, you'll give some people the impression you think they're special when, in fact, you're only trying to oil the wheels. On another level, when romantically involved, you're likely to say all the right things, just to keep the peace. You are drawn to attractive, artistic and articulate people and have a wonderful ability for making others pursue you.

You are drawn to people who are attractive, charming, but perhaps indecisive. There will be more discussion than activity. When you tire of sitting around, suggest an art gallery. This will appeal to your lover's artistic sense and get you moving.

♏ in 5th House

### **Deep and dark**

While you are drawn to powerful and charismatic lovers, you sometimes end up in the sewer. Tremendously passionate, emotionally and sexually, you can also become possessive and jealous so your love life is likely to be one of extremes. You offer devotion and demand serious commitment in return.

Once someone touches your heart, however much of a rogue or oddity they are in the eyes of the world, you believe you can change them because of your deep conviction in the transformative power of love. And yes, miracles do happen, but in the meantime you may, at some point in your life, be forced to examine whether it's your need for intense experience, rather than any one individual, that is creating such scenarios.

You attract intense lovers and it is easiest to concentrate on one lover at a time. It may be hard to extricate yourself from relationships once formed, but it can be done, if desired, by slow, deliberate action after much deep, emotional probing.

### **Love letters from afar**

When it comes to love, romance and pleasure seeking, in an ideal world you would like to combine this part of your life with, amongst other things, broadening your horizons through study and travel. On one level this could mean your lover is a teacher or involved in the travel business, or simply that opportunities for love and romance present themselves in religious or educational settings, such as night school or college.

It may well be you're likely to find love in far-away places, or alternatively you may find that those far-away places come to you in the form of lovers from different cultures and backgrounds who enrich your life and broaden your mind. You will get a lot of pleasure from travel, as long as your lover is with you.

You want adventure in your love relationships, and sometimes find romance in far-away places. Lovers should provide fun and new experiences. You may look to greener pastures if lovers become serious too quickly, or refuse to broaden themselves.

It's unlikely you'll ever have a need for Viagra. For you, love and sex go hand-in-hand. ## Ashton's Partnerships

The 7th house describes marital partners and other close, one-to-one relationships. Courtship (5th house) can lead to partnership, but the 7th house assumes a close, constant contact so it is more difficult to escape potential problems. For that reason, they are more fully addressed here.

When Ashton's love affair shifts to a partnership the emphasis of his relationship changes, according to characteristics described by the signs and planets of the 7th house, as well as the position of the house ruler, outlined below.

### 7th House Cusp

#### **Sometimes you hold on best by letting go**

Since you're never likely to be short of admirers, it may be difficult for you to make a serious commitment to someone, especially when pastures have a habit of looking greener elsewhere. However, any commitment you do make is unlikely to be too 'serious' because you are only drawn to individuals who have a cheerful, happy-go-lucky approach to life.

When it comes to your close personal relationships you like freedom to express your self and do your thing. You don't like being restricted in your relationships. Therefore it is important that your opposite number learns early on the significance of the notion that, as far as you are concerned, "Sometimes you hold on best by letting go". You don't like being tied down, especially in the bedroom, so while you may have numerous affairs, you might wait before making a commitment, preferring companionship to sex.

When you do get involved it is usually on your terms. It is important that your relationships have a consciousness-raising effect on you and that they serve to broaden your views on life, love and the universe. Therefore, you may get together with a foreigner or someone from a different social or cultural background. By nature you are extremely curious and so someone who can feed that side of you, and take you on an intellectual adventure, is likely to have much of what it takes to keep you around.

You like a laugh, and although you like philosophical and intellectual types, anyone too serious or too pompous is likely to make you restless and impatient. Your relationships are themselves a source of adventure, since it is through others that you are able to broaden your perspective, expand your horizons and find a more universal and inclusive approach to life.

The emphasis in partnerships is on development. Too much 'togetherness' can be restrictive, but some expansive experiences should be shared so that neither partner is left behind. Joint activities should include travel or studying together.

### **Still waters run deep**

Relationships can prove tricky for you. By nature you are very sensitive and intensely emotional; prone to deep moods and feelings, nowhere is this more apparent than in your close personal relationships. Therefore, one of the qualities you look for in a partner is someone who can offer you security - emotional mainly, but financial too. You are drawn to individuals who are often rather mature for their age, and you may team up with someone older who has acquired worldly goods, wisdom and is established in the world in some way. You need to be careful though because your natural maternal instinct may lead you to take an almost parental role with your partner, and your possessiveness and over protectiveness, often fuelled by your own insecurities, may have a restrictive affect on your opposite number - especially if your protectiveness stops them from fulfilling their true potential.

Since you are so very sensitive and, once committed, reluctant to make a change even when things get rough, you need to choose wisely. Your major decisions are likely to be more influenced by your heart than your head, which is how it should be, but nevertheless, try to make sure your affections for someone are based on more than just a passing whim or infatuation. It is likely that some people have an almost disturbing influence on you emotionally; you are drawn to them, but at the same time, almost unable to communicate without betraying the deep emotions they stir within you. Whilst this can be disconcerting and unsettling, and may make it almost impossible to reach out for what is so close at hand, the plus side is, that when you do get involved, you are rewarded with far deeper, more loving experiences.

You may be drawn to the type that looks distant and aloof on the outside, but who, like the still waters that run so deep, are deeply sensitive and emotional underneath promising the establishment of a deep and meaningful emotional bond for you. Be careful though, you may attract the occasional truly cold fish who, somehow, manages to stir your emotions, but who turns out to be as cold on the inside as they appeared on the surface and who will only serve to exacerbate your insecurities. Since you are so emotional, it helps that your partner is more practical and businesslike about things. Although you may have many opportunities, you might not find a suitable mate, or make a serious commitment, until you are into your thirties.

You want a partner to be proud of and material security is important. You may therefore be drawn to someone who is already established in the world. With partnership comes responsibility and at least one of you will be duty-oriented.

### **The boss**

Popular, friendly and eager to make contact with others, when it comes to your important relationships, whether directly or indirectly, you like to be the one in the driving seat, the one who calls the shots. While this suggests you have leadership qualities and would make a good teacher, sales representative or politician, it can prove tricky on a more personal level.

It is likely, that when push comes to shove, you will often go it alone than give way. While this is an admirable quality in itself, deep down you are aware you need other people. More specifically, you need a partner who, although devoted to you, is prepared to give you freedom and independence to do your own thing.

You will maintain your own identity in partnerships and, possibly place the force of your personality behind your partner. Whichever course you choose to take, the affect of your presence on the relationship will not be ignored.

♃ in 7th House

**The ultimate union, union with the ultimate**

You seek the great beyond through your relationships and need to be careful your good nature is not taken advantage of by others. You have a deep, indescribable need for relationships, yet your standards and expectations may be unreasonable or unrealistic for any mere mortal to live up to. Realities like sex and money may be swept aside in your reluctance to see others as they really are. You search for perfection in your opposite number and may well become disillusioned with imperfect partners. There is no middle way with you when it comes to relationships and you may well experience both the heights of ecstasy and depths of despair. While you are drawn to artistic, mystical, musical and poetical partners, and relationships with a strong degree of spirituality, you may also attract self-indulgent, delinquent, impractical dreamers; individuals inclined to excessive sensual indulgence, shiftless and irresponsible with little regard for honesty, decency or public morality.

While you may be called upon to make sacrifices in your relationships, martyrdom isn't necessary, nor is it in your best interests, so resist the tendency to rescue and reform others on the fringes of society, or get yourself embroiled in relationships with people who are not free. Nevertheless, your relationships are likely to be unusual in some way, which could involve individuals from very different social and cultural backgrounds than your own. Whether you are aware of it or not, you're likely to have a strong psychic link with people with whom you become intimately involved.

You are extremely sensitive to the moods and feelings of others and may mistake others' feelings for your own. At your best you apply spiritual values to your relationships with others, giving love and understanding, unselfishly and unconditionally. However, emotional confusion is likely in relationships so you need to be careful not to be taken advantage of, or to be confused or misled by others.

## Ashton's Sexual Relationships

In the context of a relationship, the 8th house can represent shared resources, partner's resources, or sex. Here it is treated solely as the house of sex. The signs and planets in the 8th house and the position of the 8th house ruler are used to determine Ashton's sexual needs and the characteristics of his sexual partners.

Since sexual activity can be an ingredient in both love affairs (5th house) and partnerships (7th house), you must decide which category your relationship belongs to and combine the relevant definitions. If the relationship is purely sexual, you can ignore the 5th and 7th houses.

### ♋ 8th House Cusp

#### **Randy old goat**

You have a breezy, cool and sociable exterior. When it comes to sex you can be as randy as an old goat. However, you may have a tendency to repress your passions, developing self-control in the sexual arena, or alternatively, going to the other extreme, indulging in relentless sexual activity in order to feel good. Your sexual needs are probably quite primitive and instinctual.

You may even know how to use sex to further your ambitions or gain control over others. However, you may at times feel that when it comes to intimacy, things can get a little heavy and burdensome. You generally want to be free to come and go as you please; responsibility weighs heavily on your shoulders and therefore you may feel the sexual side of relationships is more trouble than it's worth, leading to commitments and ties you'd rather live without.

You take sexual matters seriously and having practical reasons for a sexual involvement will be helpful. You may not be spontaneous and original in this area but that does not have to detract from your feelings of accomplishment.

### ♋ 8th House Ruler ♃ in 4th House

#### **Sex and psychology**

There is a strong likelihood that your attitude towards sex and intimacy will be greatly influenced by one of your parents, although you might not be aware of it, or how deep and pervasive it may be within you. This may work out as a deep-seated complex in which you over-deify the parent, so that every subsequent partner falls short of your, or your parent's, estimation.

You may choose not to follow in the footsteps of a parent, but to live your (sex) life differently from what the expectations of your family and background might suggest. Sex for you can be a great source of comfort and support, often feeling that only by having your flesh, and your soul, intimately involved with another can you experience real trust and emotional satisfaction.

Your sex life could also be a barometer of your emotional and psychological well-being. Any problems you may have may, have psychological foundations; while at the same time a healthy, happy and active sex life could be the key to your emotional and psychological rejuvenation and well-being.

The psychological aspect of sex seems to be much more important to you than it is for others. Therefore, it is important for you to get involved with someone you feel a great emotional attraction to; with whom you can relate at your level and who wants something more meaningful out of the sexual side of the relationship.

As far as sexual matters are concerned, you'll feel most at home in familiar surroundings and you will want a sexual partner who is tender and caring. Or, you may be motherly and protective of those with whom you are sexually involved.

No Planets in 8th House

**There's more to life than sex**

While sex is important to you, it is not the big deal, nor does it occupy as much of your time and energy as it does for some. This does not mean your sex life is uneventful it's just that your sexual demands and tastes are probably less peculiar or complex than they are for others.

Your sex life is subject to periodic change and upheaval but your real priorities are often elsewhere. You may find that the pursuit of sexual gratification actually takes you away from those activities that you find meaningful and so, while you'll put up with occasional disruption in this area of your life, when things eventually settle down again you're usually keen to get on with other things.

You are not doomed to a life of celibacy. It is just that your list of requirements in a sexual partner and needs, in sexual activities will be shorter than most, though very likely your enjoyment will be just as great.

## Part Two - Relationship Compatibility

### How Demi gets on with Ashton and how Ashton responds.

#### First the connections you share:

Demi 's ☉ ☐ Ashton's ☉ (00°22') ★★★★★

#### Clash of wills

While there is definitely a strong chemistry between Demi and Ashton, sooner or later it is likely to manifest as a clash of wills because they have very different perspectives on life, love and nearly everything else for that matter. There is much rivalry between them and it might become increasingly difficult to co-operate and compromise on anything together for long.

Demi and Ashton's essential temperaments are at odds and are therefore likely to clash. Difficulty in adjusting to each other's priorities could present problems and whoever has to play the underdog and make most of the compromises is likely to feel resentment.

Demi 's ☉ ☐ Ashton's ☾ (01°41') ★★★★★

#### Different views

There is strong chemistry between Demi and Ashton, each seeming to complement the other, providing what the other needs or is missing in some way. However, it is almost certain that they will clash before long because they are likely to have different views about the home and domestic arena as well as different ambitions and attitudes to worldly matters.

Demi can sometimes come across as insensitive and inconsiderate to Ashton's needs, while Ashton can appear moody and inconsistent at times to Demi. Ashton will need to try not to be so sensitive and not to take Demi so seriously.

Demi and Ashton's relationship can only grow and develop if they are prepared to accept each other's differences - which is partly what bought them together in the first place.

Demi 's ☉ ☐ Ashton's ♀ (03°36') ★★☆☆☆

#### Compromise

While there is likely to be a strong attraction between Demi and Ashton, with time they may need to work at compromises and co-operation, especially where their tastes, social and recreational interests differ, otherwise they may soon find they have little in common - however much they are attracted to each other.

Possessiveness and jealousy may be an occasional problem, with over indulgence and extravagance likely leading to excesses of one kind or another. A strong attraction will persist between Demi and Ashton although their relationship is unlikely to be a smooth ride unless they can compromise and co-operate to bridge their essential differences.

Demi 's ☾ ☐ Ashton's ☾ (02°09') ★★★★★☆

#### Mutual irritability

Demi and Ashton can often approach the same situation from such different perspectives that they may have difficulty following a common goal or course of action. Therefore problems are likely to arise through misunderstandings of each other's emotional needs, especially in time of stress. There is more likely to be mutual irritability than any serious problems.

There can be so much sensitivity to each other's feelings that it acts almost as a barrier to clear and open honesty between Demi and Ashton. Differences of views and an inability to see things from each other's perspective could result in emotional confrontations, exaggerating minor differences that then create misunderstandings and impatience between them.

Demi 's ☾ □ Ashton's ♀ (04°04') ★★☆☆☆

**Excessive indulgence**

Whatever the subsequent difficulties, there is a great deal of love and affection between Demi and Ashton. While not of particular concern in their relationship, Demi and Ashton do have a tendency to overdo things when they get together, whether physically, sensually or financially. Excessive indulgence can undermine Demi and Ashton's relationship.

Demi and Ashton's tastes and social inclinations are likely to differ and may be a cause of minor conflicts and misunderstandings. However, there is a strong attraction and mutual affection that will militate against potential problems.

Demi 's ♀ □ Ashton's ♀ (02°04') ★★☆☆☆

**Discordant**

Regardless of whether they have what it takes to sustain a long-term relationship, Demi and Ashton feel a strong and lasting attraction towards one another. However, over time, minor discords between them are probable, although it is more likely to lead to minor differences of taste, temperament or social activities than to serious conflict.

Demi and Ashton may have a tendency to do things to excess. The biggest difficulty they may have is that they both express love and affection differently, thereby leaving each other wanting more from the association than the other is able to give. Finances could also be a source of disagreement.

## Demi 's important connections:

### How you communicate

How Demi might affect Ashton's further education, maybe the way he is with his brothers and sisters and how he responds to local community activities and to his family.

Demi 's ♀ in Ashton's 3rd House

### How Demi 's energetic drive affects what Ashton has to say

There is definitely a strong physical spark between Demi and Ashton. Conversations are apt to be lively and interesting but discussion and debates can spill over into conflict if Demi and Ashton identify too strongly with what they believe.

If this happens, then Demi will need to be encouraged to find an outlet for her energy and enthusiasm, otherwise, Ashton may consider her too rash, impatient and impulsive. Demi 's tendency to shoot first and ask questions later may make it difficult for her to get on with Ashton's relatives and neighbours.

Nevertheless Ashton will find Demi a mentally stimulating companion and he will be grateful for her robust willingness to argue his case on his behalf. When Demi harnesses her drive and determination she can be very effective if given free rein to burn off her excess energy running round getting things done, especially when it comes to routine communications, errands and paperwork.

Nevertheless, important documents and agreements may need to be handled more carefully, otherwise, a too direct or hasty approach could get Demi and Ashton in hot water.

*Your partner may be energetic, or forceful, in communications and may possibly seem to take charge in starting and directing conversations. Don't let this intimidate you because it may only be due to tremendous excitement or enthusiasm.*

Demi 's ♀ ☐ Ashton's ♀ (01°44') ★★★★★☆

### Unpredictable

While there is an undeniable sexual chemistry between Demi and Ashton they are likely to find themselves frequently at loggerheads and it may be difficult for them to co-operate closely together on anything for long. Demi resents Ashton's impersonal side, feeling increasingly unable to depend on him.

Demi and Ashton can irritate each other, which in time may escalate into open conflict and periodic separations. Emotional upsets are likely and continued uncertainty and unpredictability may make the situation intolerable. It is unlikely that the association will last long if they don't exercise greater self-control and foresight.

Demi 's   Ashton's  (03°15') ★★☆☆☆

**Insatiable**

There is a potent chemistry between Demi and Ashton - their relationship has an air of mystery, magic and romantic idealism about it. Together they can reach the heights (and depths) of sensual and sexual excess, stirring up deep insatiable desires within each other. Ashton's influence on Demi is likely to be subtle and emotional rather than obvious or objective.

Demi 's initiative and Ashton's idealistic, self-sacrificing temperament can work very well together; especially when engaged in creative and artistic projects. Ashton has a soothing influence on Demi who, in turn, is grateful for Ashton's companionship and understanding. Demi helps to animate Ashton and make his dreams and ideals a reality. Demi excites Ashton's emotional nature while he can inspire Demi . Although Demi tends to be the one who initiates things, over time Ashton will be able to exert a strong, if indirect, influence over her.

Demi 's   Ashton's  (01°58') ★★☆☆☆

**Primitive**

There is a powerful, almost primitive force that seems to draw Demi and Ashton together. Demi and Ashton are likely to enjoy a very physical and intense sexual relationship. Together Demi and Ashton can strengthen each other's determination and will to succeed. They encourage each other and work well together on shared interests and projects - the bigger the better - since together Demi and Ashton can make a formidable go-getting partnership, especially in business, politics etc.

## Home life

Demi 's home, her mother and her mothering instincts, as well as Demi 's domestic and family situations in general. How Ashton can affect Demi on a deep level, and may arouse her protective and nurturing instincts.

Demi 's ♃ in Ashton's 4th House

### **How Demi 's originality affects Ashton's family**

Through Demi 's influence, Ashton may be able to liberate himself from elements of his past that have held him back and restricted his ability to achieve his potential. Demi and Ashton's home life could be one of constant change and upheaval, with so many regular arrivals or departures, home feels more like a bus station than a place of rest and recuperation!

Demi can have a disconcerting and disruptive affect on Ashton's family life and Ashton's relatives may, or may not, find Demi 's eccentricity endearing. Either way, if Demi demands too much independence and freedom on the domestic front, or in their private life, then Ashton may find her influence emotionally upsetting and unsettling.

Demi can have a powerful effect upon Ashton, evoking vivid memories and bringing deep, instinctive emotions to the surface. Their relationship may even be so unconventional and indiscreet that Demi and Ashton's love life may end up causing trouble for one or both parties.

Although eventful and exciting, Demi and Ashton's relationship is likely to suffer from many upsets and separations that induce instability and insecurity. Ashton needs to be able to relate to Demi emotionally, and therefore it is important that she is sensitive and comforting. While there is definitely a strong chemistry between them, if they are unable to exercise greater self-control and patience in their private life Demi and Ashton's relationship could become an emotionally volatile affair.

*Your partner may be into total independence in the household, with no rules or regulations. If, however, this independence creates instability or applies only to your partner, do not hesitate to express your own individuality.*

Demi 's ♀ in Ashton's 4th House

### **How Demi influences Ashton's home life**

Demi can have a powerful effect upon Ashton, evoking vivid memories and bringing deep, instinctive emotions to the surface. If Demi and Ashton believe in karma and reincarnation then they may feel they have shared a past life together. Demi can be a source of great support, acting like an anchor. Nevertheless, Demi and Ashton's home life together may be one of constant change, which could range from anything to do with domestic upheaval to constant renovation in the home. Demi will want to exercise her influence and control within the home.

If Ashton's attitude toward sex is greatly influenced by one of his parents, then he may find himself drawn into a relationship with Demi which may mirror his parent's relationship. Ashton's sexual relationship with Demi can act like a barometer of Ashton's emotional and psychological well being. There is a powerful emotional attraction between them; Ashton needs to be able to relate to Demi emotionally, and therefore it is important that Demi is tender and caring.

*You may think that your partner wants to be the power in the home and there can be security in knowing who is in charge. If, however, you both resent authority - divide the realm - you can both be boss!*

## Work and health

How Demi might have an effect on the work and service, health, diet and dress sense of Ashton as well as his personal habits and the other more ordinary details of his life.

Demi 's ☉ in Ashton's 6th House

### How Demi 's vitality affects Ashton's daily life

Demi is likely to influence Ashton significantly, but in lots of little ways, his habits and routines are likely to be affected by her. Demi will encourage Ashton to make more of his life on a daily basis. This could manifest as influencing Ashton's diet and daily routine, encouraging Ashton to adopt a healthier lifestyle.

Demi is also likely to affect Ashton's work, encouraging and enabling him to shine in the workplace. Ashton's habits are likely to be strongly influenced by her and he may feel a strong desire to be of service to Demi in some way even sacrificing his own needs to be of help and support to her. This can be a very productive combination since Demi and Ashton can work well together.

*You may feel that your partner dominates your daily routine and that you must adapt your duties to cater to the needs of your partner. However, if you combine your energies in this area, a great deal can truly be accomplished.*

Demi 's ☉ △ Ashton's ♂ (06° 35') ★☆☆☆☆

Ashton gives Demi a wake-up call, activating and encouraging her latent talents. When they get together their relationship can become one long rebellious, anti-social and unconventional (but unforgettable) adventure.

There is something unique about the chemistry between Demi and Ashton. Ashton is often unpredictable, while Demi is never quite sure how Ashton will behave, but this just adds to the excitement. Spiritual harmony and a never ending exchange of ideas keeps Demi and Ashton on their toes. Love and romance is lively, unpredictable and stimulating.

### **Romantic**

There is a very strong, mysterious, romantic, near spiritual tie between Demi and Ashton - almost a psychic link. Demi and Ashton share a powerful attraction for each other and the relationship is very idealistic and romantic. There is much inspiration, understanding and devotion between them.

Ashton, inspired by Demi, is in turn extremely compassionate towards her and, to a certain degree, self-sacrificing in helping Demi achieve her worldly ambitions. The connection between Demi and Ashton may be elusive and hard to explain but it is a very powerful, magnetic and seductive combination with both having a subtle understanding of each other's needs and desires.

Demi 's ♀ in Ashton's 6th House

### **How Demi 's words affect Ashton's daily life**

Demi and Ashton seem to spend a lot of time together dealing with the little daily details of life. They can work well together, although they may spend so much time talking that little time is left for anything else.

Demi is likely to be the one always coming up with the latest gadget or device to make life's little chores that much more efficient and effective. They enjoy getting out and about together and may go to keep-fit and exercise classes together.

Demi is also likely to be the one who comes up with new diets and healthy living ideas, which they attempt together. At times of stress, Ashton can get a great deal of benefit by talking with Demi whose presence can have a therapeutic affect on him.

The attraction between Demi and Ashton is to a large part mental, in fact the meeting of minds, mental chemistry, between them may be more potent than the physical chemistry.

Demi and Ashton have a lot of interests and opinions in common and their similarity when it comes to what they think important makes it easy for them to reach agreement. They find each other's company interesting and intellectually stimulating, regardless of whether they come from different social or cultural backgrounds.

Debate and discussion forms an important and lively part of their relationship. Fortunately for Demi and Ashton, in their ability and willingness to communicate and reach mutual understanding they have one of the key ingredients necessary to maintain a happy long-term relationship.

*Your partner will have much to say about the daily routine and may be interested in the way you arrange your work. Although you can count on a lot of discussion and perhaps some advice, co-operation in action will not necessarily follow.*

Demi 's ♀ ♁ Ashton's ♃ (00°18') ★★★★★

### **Unrealistic expectations**

Demi and Ashton can learn a lot from each other. While Demi and Ashton are likely to strike up a good rapport, they may soon find that their relationship needs to come down to earth, otherwise, unrealistic expectations about what each has to offer may cause disappointment, disillusionment and general misgivings.

Demi is likely to gain most from the relationship and may even be tempted to take advantage of Ashton's good nature. Differences of opinion are likely to centre on moral, ethical or intellectual matters. Ashton may be condescending to Demi, thinking of her as too superficial or small-minded.

Demi may even consider Ashton too pompous and unrealistic. Spiritual and intellect interests are unlikely to coincide and may become a source of conflict. In time Demi and Ashton may find that, while they have a genuine liking for each other's company, deep down they probably have little in common.

Demi 's ♀ ♂ Ashton's ♃ (05°19') ★★☆☆☆

### **Stimulating**

Ashton stimulates and awakens Demi 's mind, inspiring her and giving her many original ideas. Demi can learn a lot from the association and in turn can encourage Ashton to make more of his insight and intuition. Demi and Ashton enjoy each other's company and conversations, each having a stimulating affect on the other, with a vigorous and sparkling repartee and exciting exchange of ideas.

Demi 's ♀ in Ashton's 6th House

### **How Demi 's charms affect Ashton's daily routine**

Whether Demi and Ashton's relationship started off as an office romance, or whether they met through work or some work related project, there is a strong chance that work will play some significant role in their relationship.

Demi seems to get a great deal of personal satisfaction from catering to Ashton's needs, almost willing to become a slave to love, making many personal sacrifices for his benefit. Demi will willingly take on daily errands for Ashton and will get much satisfaction from doing chores for his.

Part of Ashton's attraction to Demi is her willingness and ability to look after the details, and some of the dirty work, then Ashton can put her feet up every now and then. In fact Demi 's tendency to pamper and indulge Ashton could lead to digestive trouble for him.

Fortunately Demi is also likely to be forever coming up with the new diets and health and beauty regimes that will improve both of their health and well being and physical attractiveness in each other's eyes.

*Your partner may take the drudgery out of your daily routine, or may be so involved in personal pleasure that you end up with all the work. Study and apply Tom Sawyer's methods. Why should someone else have all the fun?*

Demi 's ♀ △ Ashton's ♂ (05°02') ★★☆☆☆

### Physical attraction

The powerful physical attraction between Demi and Ashton and strong physical desire to consummate their love together is the stuff of novels and soap operas. The more intimate side of their relationship is sure to be passionate and energetic with sex and sensual indulgence the most loved of all activities they share.

With so much electricity between Demi and Ashton it would take a great effort for them to keep apart or out of each other's arms for long, enabling them to sustain a happy, healthy and vigorous sex life.

Demi and Ashton are compatible outside as well as inside the bedroom and time will do little to diminish the powerful chemistry between them. Ashton's desire stimulates the love and affection Demi has for his and this can bring much emotional satisfaction, passion and desire to their relationship.

Demi may inspire Ashton to approach life's responsibilities with greater humility and reverence, encouraging him to appreciate the little things in life. Ashton may be very selfless in his approach to Demi , making many small sacrifices to her needs.

At times it may seem as if Demi 's very presence can affect Ashton. When Ashton is ill or, a bit down, or simply just under the weather, then her company can sometimes have a very therapeutic influence.

Demi can prove both an inspiration and distraction and may be able to come up with unique and unusual solutions to deal with life's little day-to-day chores. Where Ashton's work is concerned, there may be times when she proves too much of a distraction (even confusion) for Ashton, making it difficult for him to get on with things or concentrate on getting anything done.

*You may feel that your partner is sometimes unreliable in the area of the daily routine, either too tired to work or dreaming on the job. If, however, you convince your partner that hard work leads to heaven, you'll be stunned at the effect.*

## Intellectual pursuits

How Demi might affect Ashton's understanding, in the area of philosophy, culture, religion, law and publishing. Also, the likelihood of foreign travel or other long trips together.

Demi 's ♃ in Ashton's 9th House

### **How Demi 's discipline affects Ashton's philosophy**

Demi may endeavour to make Ashton take the spiritual dimension of his life more seriously, encouraging him to adopt a more serious attitude to the important issues in life. However, at times Ashton may find Demi 's views too conservative or old fashioned and may feel that adopting her way of life brings too many burdens.

Both Demi and Ashton's opinions about other cultures or philosophies may differ and the responsibilities that Demi places upon him may limit or frustrate Ashton's attempts to take up his educational interests.

While they can both provide each other with much mutual help and support, Demi needs to guard against being too cautious or critical of Ashton since she may inadvertently deflate some of Ashton's cherished dreams. In time, Ashton may become increasingly reluctant to share his opinions with Demi for fear that she will find fault and thereby undermine his confidence and optimism.

Ashton may feel that Demi cramps his style, while Demi may think Ashton too superficial or shallow. There may be conflict between Demi 's need for material security and Ashton's approach to life and interest in the metaphysical and spiritual matters.

Demi may place too much responsibility upon Ashton while his desire for adventure and exploration of new horizons and possibilities may make Demi feel fearful or inadequate. If Demi and Ashton try to appreciate each other's views and opinions and not feel they have to see eye-to-eye on everything, then the differences between them may not be a major problem. Mutual respect and tolerance is the key to enabling Demi and Ashton to build a common foundation of shared beliefs and aspirations.

*You may feel that your partner resists distant travel, or does not seem to enjoy long trips. If this occurs, don't stay home. Try the educational value approach. Not only will your partner like travel, but they may also teach you something about it.*

## Career and ambitions

The effect Demi is likely to have on Ashton's achievements, his professional life, any authority he may hold and his status and ambitions.

Demi 's ♃ in Ashton's 10th House

### How Demi 's optimism influences Ashton's ambition

Demi can have an important influence on Ashton's career, vocation and worldly status and may act as a guide or mentor in the ways of the world. Ashton is likely to benefit socially, professionally and even financially through his association with her.

Demi is likely to come to the aid of Ashton, offering guidance and assistance and may use her influence in helping him achieve his goals and ambitions. In fact Demi and Ashton have the potential of a very promising professional relationship.

Under Demi 's influence and support, Ashton is likely to take greater risks, aim higher and achieve more in his professional life than he would were it not for her support. Demi can give him much confidence and encouragement that sometime things may get a little flat for him when she isn't around. When they are out and about together Ashton seems to come alive, gaining extra confidence and optimism when in her company.

Whether they end up in business together, Demi is likely to prove very helpful when it comes to furthering Ashton's aims and reputation. This may involve giving emotional or financial support, or giving advice and direction or just looking after those elements of Ashton's life that get in the way of him fulfilling his potential.

*Your partner may have a better overall perspective of your career than you do, and you can turn in that direction for advice on expanding your horizons professionally. On very practical matters, however, you may have to look elsewhere.*

Demi 's ♃ ♀ Ashton's ♃ (05°19') ★★☆☆☆

### Mutual support

Demi and Ashton can provide each other with much mutual help and support. They could be very productive together. Ashton's prudence and practicality could blend well with the larger than life, optimistic talents of Demi . However, Ashton needs to guard against being too cautious or critical of Demi since he may inadvertently stifle some of her cherished dreams.

In time Demi may become increasingly reluctant to share her high hopes for fear that Ashton's critical eye will pull them apart, thereby undermining Demi 's confidence and optimism. Demi may feel that Ashton cramps her style, while Ashton may think Demi too superficial or shallow. Ashton may well frustrate and delay Demi . Disagreements may focus around financial or business matters.

There is also likely to be conflict between Ashton's need for material security and Demi 's happy-go-lucky approach to life and her interest in the metaphysical aspects of existence.
